### Competition dancing is Recreation

Disapproval of competition in the square dance movement has been expressed by some but the positive aspects are far greater than the negative. The competition in square dancing is an avenue for all square dancers, square dance callers and round dancers to display their accomplishments, meet new friends and dance with others that enjoy a little competition

The Teen competition has been a starting-ground for many of the caller/cuer, teacher, dancer, club executive who keep the recreation healthy. The fact that many adults active in square dancing today share the common experience of having competed in competition dancing.

The United Square Dancers of America endorse the practice of competition square and round dancing for youth.

Most young people enjoy competition and we believe this will help to perpetuate and promote Square Dancing.

The United Square Dancers of America would strongly disapprove of any competition that would embarrass or humiliate a dancer, no matter the age or circumstance!

The United Square Dancers of America is aware all dancers do not approve of competition square dancing. We hope this information will help them understand our position on this subject.
