## DISCOUNT PRESCRIPTION CARD, VISION, AND HEARING BENEFITS PROGRAM

While most of us have some type of medical insurance, it doesn't always cover everything we need. USDA offers an Enhanced Benefits Program that can provide discounts for prescriptions as well as hearing and vision services. The program is FREE and is available to anyone – dancers, family, friends, colleagues. Check out the program at <http://www.usda.org/CARDS.htm>.

There are three services available through the Enhanced Benefits Program:

1. Prescription Savings Card, which provides discounts on FDA-approved prescription medications. The card may provide discounts up to 65% off the retail price. For further information, and to get a printable card, go to <http://www.usda.org/Cards/MEDICATIONS.pdf>.
2. American Hearing Benefits, which provides access to free hearing consultations and discounts on hearing aids through a national network of providers. Many insurance plans do not provide coverage for hearing aids, so this program may offer substantial benefits. Details and contact information can be found at <http://www.usda.org/Cards/HEARING.pdf>.
3. Outlook Vision Services, which provides savings off the retail price of eyewear including frames, prescription lenses, sunglasses, and contact lenses. A program outline is available at <http://www.usda.org/Cards/VISION.pdf>.
