

UNITED SQUARE DANCERS OF AMERICA

NEWS RELEASE

2021-08

For immediate publication for dancer awareness

USDA Dancer Insurance

Every dance organization needs insurance coverage while conducting and sponsoring dance activities. No matter how closely safety rules and protocols are followed, accidents can happen! United Square Dancers of America (USDA) offers comprehensive and affordable dancer insurance. The USDA program includes accidental medical coverage for individual dancers participating in dancing activities, which can supplement a dancer's other medical insurance. The insurance program also provides general liability insurance to protect clubs, their members, and association officials. USDA insurance is available to USDA affiliate organizations at a reduced rate, as well as to other dance organizations at a higher non-affiliated rate.

USDA has produced an informational flier available describing the insurance program. A PDF version is available at <http://www.usda.org/Trifold/Insflier.pdf>. Further information about USDA's Insurance Program is available on the website at <http://www.usda.org/Insurance.php>. Questions may be directed to Elizabeth Sanders, USDA Insurance Coordinator, at insurance@usda.org.
